

The longer I live, the more I realize the impact of attitude on life. Attitude, to me is more important than facts. It is more important than the past, education, money, circumstances, than failures, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company.....a church, a home. The remarkable thing is that we have a choice everyday regarding the attitude we will embrace for that day. We cannot change our pasts...

We cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the one thing we have, and that is our attitude... I am convinced that life is 10% about what happens to me, and 90% how I react to it. And so it is with you.....WE ARE IN CHARGE OF OUR ATTITUDES.

Unknown

THOSE MINDS

What's in those minds, Heads covered in black
Moving to a beat that control their heat, Not just feet.

Their master doesn't have their interest in mind,
Control them like puppets, Event though they think they are
so fine.

You hear them repeating rhymes and rhymes, That drag
them down further with useless decisions.

They live for style, but Roca Wears their pockets out. Then
they want to look like shady, Man without a doubt

Say a words, And they disagree, They pack guns and have a
shooting spree. They want to appear tough like a nail, In
reality they're weak and frail.

I know who can fix this problem. But it takes
you and me deliv' the Great One; to them
who need to see, through the darkness they
learn on tv.

God can transform them to stately kings,
Whose powerful voice can beautifully sing, Of
that Rock who makes them win, Life eternal
without a sin.

So, be an example to them who would
choose, The way of Tupac and ultimately
loose. Show them a God who is far above and
looks down on them forever with love.
